

CALENDAR

OCTOBER 1975

SUNDAY, OCT 12, 8:30 A.M. ... Fall Foliage Ride #2. First Leg: Meet at the Fresh Pond Parking area near the intersection of Huron Ave and the Alewife Brook Parkway (Rt 16) for a ride straight out to the Charles River Dam on Pleasant St. in South Natick where we will meet up with others for the second leg. Leader: Ed Trumbull, 322-8546; Erv Pfau, 969-5965.

Second Leg: Meet at the South Natick Dam at 10:30 for the start of a 60 mile loop proceeding south and cutting the northeast corner of Rhode Island and Cumberland Hills and return. The ride passes a number of state parks which some may wish to explore. This includes the Rhododendron State Park and Stony Brook Reservation which contains a bird sanctuary. Those who were fortunate enough to go on this ride when it was first scheduled in May, will remember it as one of the most pleasant rides we have ever had. With the added benefit of the Fall foliage it should be a real winner. Some fast mathematics will demonstrate the following ride lengths: 1. First leg and return, 26 miles; 2. Second leg and return, 60 miles 3. First and second combination, 86 miles. Leader: Mike Gengler, 247-1482.

THURSDAY, OCT. 16 .. Monthly meeting at the Round-Up Steak House, Main St., Waltham. Ed Hayes from the US Dept. of the Interior, Bureau of Outdoor Recreation, will be our featured speaker. Ed will be talking about plans, both government and private, to have an East Coast bicycle trail running from Boston to Virginia and beyond where it will link up with Bikecentennial, the cross-country bike trail. Ed will be coming from Philadelphia for this meeting so it is hoped CRW members will come in force. Dinner 7:00 p.m. Business Meeting 8:00 p.m.

SUNDAY, OCT 19, 11 A.M. ... Meet at the Old North Andover Common for a 25 mile ride through North Andover, Boxford and Topsfield. This will be another Fall Foliage Fantastic and depending on the temperature between now and then, we will either look at or ride over the foliage. Directions: Take Rt I-93 north to Rt 125. At Mass. Avenue in No. Andover turn right and proceed to the Common. Leader: Jim Plant, 683-5729.

SATURDAY, OCT 25, 10:30 A.M. ... Meet at the home of Dalton Harrow in Norwell for a choice of either a 20-25 mile or a 35 mile ride through Norwell, Scituate, Cohasset, Hingham, and Hanover. A portion of the route is expected to go along the shore line. Hopefully we will be given the pleasure of meeting and cycling with a friend of Dalton's who just happens to be 95, yes that's ninety-five, years young. Dalton advised that up till recently when he hurt his hand, Charlie Gleason was riding 20 to 25 miles every day. So join us for this one and shake the hand of a real hardy gentleman. Directions: South on Rt 3 to Exit 31. Left on Rt 53, 3/4 mile to stop lights. Right on Rt 123 for 2 1/2 miles. Hard left on Lincoln St. to end. At Mt. Blue Street turn left to second house on left. Park cars on dirt road between Lincoln Street and Dalton's home. Leader: Dalton Harrow, 659-4464.

SUNDAY, OCT 26, 10 A.M. ... Meet at the Northshore Shopping Center in Peabody at the junction of Rts 128 and 114 for an easy paced ride to and through Salem. There will be plenty of stops to take pictures and to look at the many historic houses and sites along the 20-25 mile route. Because of time and bicycle security problems, however, we will not be going in any of the houses. Meet in the parking lot by the Jordan March Co. Leader: Richard Mazeikus, 322-5569.

SUNDAY, NOV 2, 10 A.M. ... Meet at the Stop & Shop parking lot at the Chestnut Hill Shopping Center located at the intersection of Rt 9 and the Hammond Pond Pkwy for a 40-45 mile ride through Newton, Brookline, Dedham, Canton and other southern suburbs of Boston. This will be another of the CUP ride series which allows riders to go at their own pace but require them to wait at CUP, Catch Up Points, for the others before continuing. Leader: Erv Pfau, 969-5969.

SUNDAY, NOV 9, 11 A.M. ... Meet at the Weston Town Green located on the Rt 20' bypass. Go west 1 mile on Rt 20 after the intersection with Rt 128 to the first stop light. Turn right at the light and go one block to the green. This will be a moderately paced ride through the suburban and semi-rural areas of Weston, Lincoln, Wayland and Sudbury. The ride is a figure 8 with the cross over at the midpoint of the ride which is 29 miles in length. As the cross over is within a mile of the starting point, those wishing a shorter ride can return to the start here. A lunch stop is scheduled at the cross over where there is a store. Leader: Earl Foreman, 894-2084.

THURSDAY - THANKSGIVING - NOV 27, 9 A.M. ... Another LAW PATCH RIDE for Thanksgiving Day. This will be a 25 mile ride starting from the Boston City Hall Plaza (Scollay Square). More next month.

#### PRESIDENT RALPH'S MESSAGE ...

Now that the evenings are too short for our Wednesday night rides a new form of sociability has presented itself i.e. Ball Room Dancing -- the newest contact sport. Once a month members of the CRW will meet at Mosley's on the Charles for an evening of instruction and dancing to all of the old favorites.

Every Thursday at eight, an hour of excellent instruction is offered followed by the sound of the Big Band. Mosley's on the Charles is located on Rt 1 in Dedham just a 30 minute drive from Cambridge.

This month CRW Night at Mosley's will be Thursday, October 9th. Meet at CRW Headquarters at 7:15 p.m. for transportation or at the Ballroom. Dance instruction begins promptly at eight o'clock. See you there.

#### GREATER BOSTON BIKE GUIDE

Yes, the GBBG is here! As you have undoubtedly suspected by now, the bike atlas project of the Mass. Dept. of Natural Resources has been terminated. Due to the lack of funding and "higher priorities", they were not able to get beyond the original ten routes which were first published in February 1974; a second printing of these same ten came out in May 1975.

Since then the competition has provided us with the Boston Basin Bicycle Book, which concentrates on inner-city rides. Now yet another book is available entitled Greater Boston Bike Guide, similar in format to the DNR publication. That is, loose leaf maps which can be carried individually. It contains 25 interconnecting rides, 26 to 46 miles in length, radiating from the central city to the outermost

suburbs. The maps overlap so that the entire area within the bounds of Rt 133 on the north, Rt I-495 on the west and Rt 106 on the south is covered.

The book will soon be made available in local bike shops and other appropriate places and will retail for \$3.95 or \$4.25 including postage and handling. Charles River Wheelmen members are entitled to a 20% discount (\$3.15 + .30 = \$3.45 including postage and handling). Send your order, along with a check or money order payable to Keith French, to "BIKE GUIDE" c/o Keith French, 69 Beacon Street, Arlington, MA 02174.

### TANDEM PILOTS NEEDED

Would you like to ride a tandem bicycle, at no charge, and at the same time help out a couple of blind cyclists? Both riders, Paul and Lydia, have their own tandems, and both live in the Brookline area. They'll supply the steam if you'll be the pilot. Hours are flexible and they could use several pilots each. Sound Good? Contact Ron Gallagher at the AYH office, 731-5430. You'll be glad you did and so will Paul and Lydia.

### FOR SALE

Knight 531 DB Reynolds Road model, 23" frame set with all Campy Record except Universal SB brakes. One year old - Mint condition. \$300. Call Mokah Ali after five at 483-4244.
