Volume XV

January 1991

Number 1

## **New Year Brings New Saturday Program**

Starting in January we will be using our answering machine for something new. Because of the uncooperative New England weather it's difficult to do much planning in advance, especially when it concerns cross country skiing, hiking, skating or mountain biking. The goal of this plan is to have prospective leaders call up 325-BIKE with an idea during the week for a Saturday adventure and we will put the info on the machine. For example, lets say it snows on Thursday or Friday and you feel like skiing with someone on Saturday. Call the machine by late Thursday, leave your name, number, and the pertinent details such as where and when to meet. We hope this will encourage members to plan and participate together in various outdoor activities. Call on Fridays to find out what's happening!

-- Jamie and Lindy King

## **X-Mas Party Wrap-Up**

The annual club Christmas party was a smashing success. The food brought was excellent and there were nonstop conversations all evening long. Everyone there ate like the cyclists they portray to be. As soon as the dishes were placed on the table the paceline to the delicacies began. A nice big box of remaining food was brought to the Pine Street Inn Homeless Shelter as a good-will gesture by one member after partyers went home. Many thanks to the 150 or so members who enjoyed the evening and made the party a fun time.

One of the highlights that night was the 1991 Sunday, Saturday, and Mountain Bike sign up calendars. The Sunday schedule did very well with only 12 slots remaining open, two of which are the Spring and Fall centuries. How about a new coordinator or two for these important events? The Saturday and Mountain Bike ride calendar as well. I know Doug Kline and Doug Jensen were slightly disappointed. Give them a present for the new year - call them and become a leader!

# HAPPY NEW YEAR

The Charles River Wheelmen is a group of active adult bicyclists that sponsors a year-round program to promote the enjoyment of cycling. During the regular season, early Spring to late Fall, at least two ride loops are available every Sunday, designed to be ridden at your own pace. The routes are arrowed in advance and the leaders stay in the rear to ensure that nobody gets left behind. Our Winter Rides Program, The Second Season, is more informal; the route and the pace are decided by those who show up each week. We also hold social events and other related activities.

Our dues include membership in the League of American Wheelmen (LAW). CRW members receive Bicycle USA, the LAW Magazine, as well as Wheelpeople, the Club's newsletter.

Address all mail to:

The Charles River Wheelmen, 19 Chase Ave, West Newton, MA 02165.

#### Editorial Policy

We welcome literary contributions to this newsletter. However, we reserve the right to edit articles in any way that we feel is appropriate. We cannot guarantee that a submitted article won't be altered. In all cases, we strive to keep the author's meaning and style intact.

We don't capriciously edit articles. Rather, numerous layout and composition issues are considered. Some of the reasons an article may be edited are: lack of sufficient space in an issue, ambiguous or redundant wording, and statements which are factually incorrect.

#### From the Editor

I have taken the challenge of taking on the position of editor. I have already learned quite a lot about desktop publishing just by doing my first issue. Please be patient while I work out a few problems that I have encountered. If anyone could send me some computer graphics in ART format, since I am using First Publisher to write this newsletter, I would appreciate it. You can send to me via E-Mail through Argus (617-229-2345). My last name is my user name. Thanks. Doug Otico.

### From the Past President

Happy New Year to all! As Old Man Winter settles in, the days become shorter, colder and a bit slower, this makes for a good time to reflect as well as think about the future. In past seasons we have had many super activities. Knowing this we are already in the planning stages for 1991. There are some glitches in the system, yet with 775 members it's time for some changes.

We are going to start at the top, at the December meeting Greg Roche was elected President. He brings excellent leadership skills, a background in business, a great personality and family, and a love for cycling. I'm glad to have him with us, I will gladly help muster up the support that he will need.

The next position filled is editor. Doug Otico will bring fresh enthusiasm to this very important area. We all must be patient in this transition. Doug will do his best to make it as smooth as possible. Steve Simon was such a pleasure to work with, I enjoyed his ideas and was very pleased with his accomplishments. And to his wife Laurie I also extend my many thanks. Other positions will be opening soon, think about trying one.

To Dave Hill, Richard McVity, Dick Lewis, Mike Hanauer, Bob, John, Julie, Bill, Susan, Lynn, Rosalie, Don, John, Doug and Dug, Jack and Susan, Cathy, Ed, Dan and Lindy, Walter and Joan and all the others who make this club a success, I commend you all. Each and every one of you deserves a metal of honor for the commitment you've given. I can't give you that but I can give a big THANKS.

We are in an age where the bicycle can have an important impact on the people around us, and the CRW is in a position to do something about it. We have the people and resources and our biggest mistake would be to do nothing. The time to act is now. We must use our time wisely for it is truly something money can't buy.

I really enjoyed me two years as president, it was a great experience and one I'm sure I will never forget. Next stop for me is V.P. of rides and Sunday ride coordinator, I'll be looking forward to the new challenges ahead. Finally, if I had to do it all over again I would. In retrospect, many good things have happened and I'm encouraged at the prospects for the future.

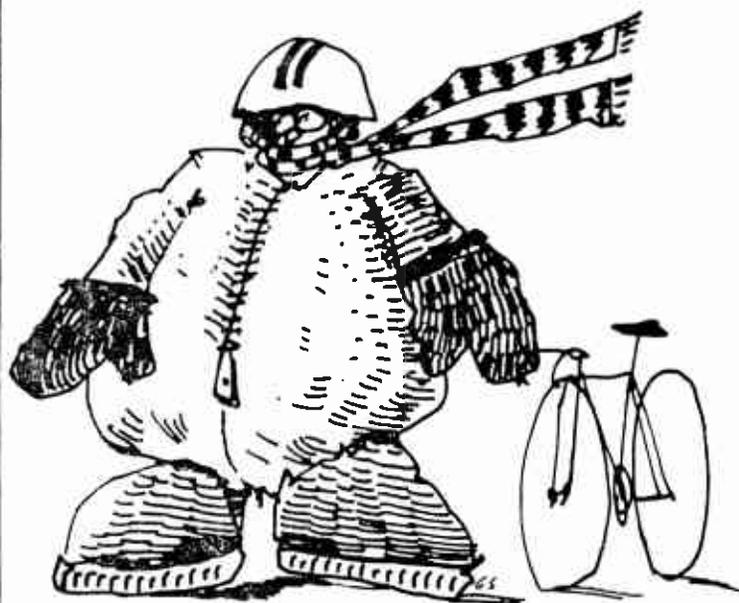

### A Fond Farewell

December was my last month as VP of Rides for the CRW. The past two riding seasons have been an exciting time for the club. It has been a pleasure to work with the CRW.

I would like to take this opportunity to publicly thank the ride coordinators who made our ride programs so successful. Julie Horgan arranged to have 80 rides over the past two seasons. Doug Kline made the Saturday ride program a regular affair. Lindy King has made evening rides an important regular part of our summer ride program. Doug Jensen, who has nurtured our growing mountain biking program. And Walter McNeil, who has continued to guide the winter ride program that he started so many years ago. I would also like to thank Jamie King, former president of the CRW, who ran the fall century and who was always available whenever I needed support. Steve Simon, who tirelessly arranged and published the ride calendar in Wheelpeople every month. Greg Roche, the new club president who ran the Spring Century. And finally, the ride leaders, who are too numerous to mention, but whose contribution of time, energy and expertise made the rides successful.

Over the past year, we ran over 100 rides. In the summer months, we typically have 13 rides a month. This number of rides has been accompanied by an increase in the number of people attending our rides. During the most popular months, it is not uncommon to have 200 riders for our Sunday rides.

BIKECENTENNIAL

**"Gear Freaks and Nerds"**

If you were the V.P. of Rides and had the opportunity to write a monthly column what would you call it? What would you write about? Well now you know the title but you will never know the subject, it probably will cover everything from Campagnolo to cantaloupes. More than occasionally I will ramble on about my own ideas, concerns, and views, most of which may have no interest to anyone else but me. Hopefully, I can coerce my readers into responding with their whimsical words of whit. I want to start 1991 with some of my observations about the FIVE BILLION DOLLAR Central Artery-Third Harbor Tunnel project. I think this is supposed to make it easier for people to get in and around the city. I want to know where they are going to park when they get here? Will our narrow streets get even narrower? Will our air quality suffer? Envision cycling under or near the 600 MILLION DOLLAR "Scheme-Z" with its 11 story high towers and 16 lanes of cars buzzing around the Storrow Drive, Rt 93, Tobin Bridge area. Won't that be wonderful! Somehow a stroller/bike path will be incorporated into the plan. The other day a couple of names came to mind.

How about "Stealth-Z"? It can use military technology to take traffic in one end, make it invisible, then reappear somewhere on the south shore. Or maybe "Spaghetti-Z"? This method will confuse commuters enough to send them home scratching their heads after a mind-boggling series of never ending cloverleaves and on-off ramps. And finally "Sleeze-Z" will pay a lot of people big money and get absolutely nothing done. How will this impacts cyclists? It's up to you. Estimates for completion are somewhere around the year 2000. Is your bike ready?

**BABC Seeks "Pedal Power"**

Boston Area Bicycle Coalition seeks Pedal for Power Rider. The Boston Area Bicycle Coalition (BABC) looks out for your interests as a bicyclist. We work with other Massachusetts bicyclists' organizations and with state and local government to see that bicycles are included in transportation planning. Our efforts established the Massachusetts Bicycle Advisory Board and the Bikes on the T program. We have filed a package of seven bills in the Massachusetts state legislature for next year's session, looking to establish a state Bicycle Coordinator position to get a bicycle education program underway and to make sure that roadbuilding and construction projects take bicyclists' needs into account. We are looking for someone to ride on Pedal for Power in the spring or fall of 1991 to gather pledges for us and for the League's Bicyclist Education and Legal Foundation. We will support your pledge-gathering with a campaign extending to all major Massachusetts bicycle clubs. If interested, please call BABC president John Allen at 617/891-9307; for more information about Pedal for Power, call 800/762-BIKE.

**RIDE CALENDAR**

On all CRW rides, please arrive at least 15 minutes before starting time. It is recommended that you bring pump, patch kit, spare tire tube, wrench, screwdriver, lock, water bottle, some money, helmet & gloves, and map.

During the "arrowed ride season," for those who might have missed the last ride, CRW recommends **Saturday at 10:00 AM as a second opportunity to follow the arrows of the previous Sunday's ride**, but this time as a show-and-go leaderless ride. It is also recommended that you call the leader to determine the correct arrow shape to follow on the road.

All winter rides start at 10:30 AM, unless otherwise noted, and are generally 15 to 25 miles long, depending on the weather and road conditions. The lunch stop will be at a place with hot food and beverage. Maps will be provided.

**First Club Dinner of 1991**  
 Saturday, January 12; 7:00 PM

We've arranged a dinner evening for members to get together during the winter months. Think of how much fun you'll have trying to recognize your pace line companions without their aero-helmets, sunglasses and neon-green polka-dot bicycling shorts! If you don't attend winter rides (or even if you do) - don't miss this opportunity to join your cycling friends. We've selected the wonderful "Thai Emerald" restaurant in Dedham for this occasion at 17 East Street. **NOTE:** You **MUST** call 325-BIKE and let us know who you are and how many will come so we can make the appropriate reservations as seating is limited. Please call no later than Thursday nite, January 10th.

**Directions:** Take Route 1 to the Dedham Rotary and follow the sign to Washington Street/Forest Hills; make the next left after the Mall entrance onto Curve Street, after the curve you are on East Street and Thai Emerald is immediately on your left. It is easily accessible by the #34 bus to the Dedham Mall from the Forest Hills Orange Line - get off at Curve St.

**Tour Arizona**  
 Friday, January 18; 7:30 PM

Dana Lipp and other club members will present a slide show of the 10th annual "Grand Canyon Almost Across Arizona Bicycle Tour" held last October. This tour is sponsored by the Greater Arizona Bicycle Association and is a 10 day (or more) camping trip enjoyed by many, including a small contingent of CRW members. It is at least 500 miles of spectacular scenery spotted by numerous points of attraction which include the Grand Canyon, national monuments, a Navajo Indian reservation, the world's largest masonry dam and unique geological features of the wild west. To see it all, come join host Susan Zorb at her home 77 Wallingford Road, Brighton.

**Directions:** From Route 9 - turn onto Chestnut Hill Avenue, continue straight through Cleveland Circle (Beacon St.) and past Comm. Ave.; Wallingford is the 2nd right after the Fire Station and #77 is on the left.

**CRW MERCHANDISE**

**EXTENDED TRIPS**

"WINTERFEST" - January 19, 20 (& 21st), 1991 with the Seven Hills Wheelmen. "WINTERFEST" is a weekend in the Berkshires designed for outdoor activities of all kinds (downhill skiing, cross country skiing, snowshoeing, and hiking), socializing with new friends and old, and partaking in some of the best home cooking East (or West) of the Rockies! Because this is Martin Luther King Jr.'s birthday weekend, some people have Monday off, and others won't. Therefore, the non-refundable (unless we can find someone to take your place) fee for Saturday and Sunday only is \$110.00 and covers Friday and Saturday night bunk style lodging, and all-you-can-eat meals for both days, including a bag lunch to take with you on the road. The non-refundable fee for Saturday, Sunday and Monday is \$160 and covers all the above plus an additional night's lodging and 3 additional meals. Because some rooms could be co-ed, please be sure to bring PJ's. Blankets and pillows are provided, but be sure to bring a towel and sheets/sleeping bag.

For more information and a registration form send a self-addressed-stamped-envelope to: Karen Saltus, 12 Merriam Avenue, Shrewsbury, MA 01545

**1991 National Rally**

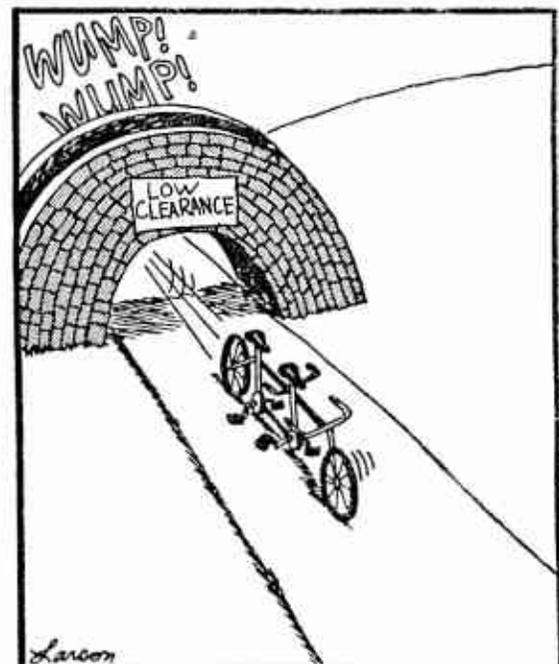

The 1991 L.A.W. National Rally will be held in Olympia, Washington, over the Fourth of July weekend (July 3-7). Olympia is noted for outstanding road cycling and spectacular mountain biking. As an added bonus, the National Rally will be held concurrently with Probike Northwest, an educational symposium on bicycle planning, program development, and safety. The rally weekend will conclude with the Hamms Capital Lakefair Criterium bicycle race on the race grounds of the state capitol. A whole range of pre- and post-rally tours is planned to help the visitor from afar to enjoy the magnificent scenery and cycling of the Pacific Northwest. You can cycle the San Juan Islands, go mountain biking in the nearby national forest, or enjoy a tour around Mount Rainier or Mount St. Helens as a part of your cycling vacation. Contact L.A.W., 1991 National Rally, Capital Bicycle Club, P.O. Box 642, Olympia, Wa 98501; (206) 956-3321, for more information about this great event.

**Historic Gear '91**

Colonial Williamsburg, Virginia June 7-10, 1991 Ride into eighteenth century America at Historic GEAR '91, an opportunity to pair the charm of colonial Williamsburg with outstanding cycling through Old Virginia's tidewater region. At GEAR '91, you'll stay on the College of William and Mary's serene and treelined campus adjacent to Colonial Williamsburg, which has been restored to Revolutionary times.

Nowhere else in America are so many historic sites awaiting to exciting the cycling visitor as in the Historic Triangle of Virginia. Within a radius of 25 miles from Colonial Williamsburg are the remains of the nation's first permanent English settlement at Jamestown and the 1781 Revolutionary victory site at Yorktown. Cycle to both Jamestown and Yorktown along the Colonial Parkway, which gently meanders through stretches of undeveloped natural beauty. There will also be plenty of quiet, back roads cycling past peanut farms and plantation houses along the James River.

And while you're at Williamsburg, you're also next door to one of the nation's premier theme parks, Busch Gardens. Its theme, "The Old country," is carried out in sections that recreate the romantic architectural highlights of England, France, Germany, and Italy. GEAR '91 has been organized by the largest bicycle touring club in the nation, Potomac Pedalers Touring Club, Inc., (PPTC) of Washington, D.C. PPTC has planned an unsurpassed cycling vacation that will combine the best of American history with riding in rural splendor. Bring the whole family and enjoy your stay. For further information and registration write to: GEAR '91, P.O. Box 591, Manassas, VA 22110-0591

### December 4 Board Meeting, Summary of Minutes:

Meeting was called to order by Jamie King (his last as President). He introduced our new board members Mark Campbell, Scott Weaver and Greg Roche.

**Membership:** Jack Donohue notes a new high of 775 memberships.

**Treasurer:** Don Blake presented the November report which was reviewed and accepted. The helmet rebate program is going along well.

**Finance:** Dave Hill presented the 1991 (preliminary) finance plan which was reviewed; comments directed to Dave are invited for inclusion, to be approved in Jan. or Feb. A task force is forming to develop a plan for the future direction of the club and how CRW can support the future of cycling. Members of the committee include Mike Hanauer, Jamie King, Susan Grieb and Bill Sears.

**Rides:** Bill Sears presented his last report as VP of rides.

**LAW/CRW:** Mike Hanauer reported on League activities: LAW is setting up a data base of police depts. on bikes; they are sponsoring a club leadership seminar in Louisville in Feb.; the League also published a comprehensive helmet position paper.

**Gov't Relations:** John Allen reported BABC has filed several bills in the legislature and would like CRW support. John also reports Bike to Work Day is set for Monday, May 20, 1991 in cooperation with Joe Kennedy's office. In addition, the Comm. for Regional Transportation is working to re-examine plans for the artery project.

**Wheelpeople:** New editor Doug Otico will assume his duties with the January Wheelpeople. We thank Steve Simon for his work the last 2 years.

**Presidential Election:** Greg Roche was unanimously elected CRW President.

**Winter Meetings:** Lindy King has planned for 2 meetings/month, 1 club dinner each month, and would like to fit in a lecture series also; she seeks people who could open their homes to some of the meetings.

**Please Note:** The next meeting will be on Tuesday, January 8, 1991.

Meeting adjourned at 9:00 PM. Minutes submitted by Susan Zorb.

### Boston-Ottawa Tour

I'm currently planning a tour between these two cities, June 28-July 7, 1991. Average daily distance will be about 65 miles, staying mostly in motels (possibly some B&B's), no sag support, maximum of 12 riders. After Friday night in the Littleton, MA hostel - overnight stops are: Brattleboro, Woodstock, and Middlebury VT; Lake Placid, Tupper Lake, and Ogdensburg NY, and two nights in the Ottawa hostel. Most of the route is on scenic roads with light traffic. Fly back to Boston late Sunday afternoon. Estimated trip fee (lodging and airfare) is \$450. All meals will be bought by the riders as we go. If a majority of early sign-up want, we can spend an off-bike day in the Adirondacks hiking and/or canoeing, extending the trip thru Monday 7/8. SSAE gets you an info sheet: Charles Hansen, 1116 Commonwealth Ave. #5A, Allston, MA 02134.
